# BUILT FOR LIFE

WE UNDERSTAND that lasting durability is the highest priority for public furniture.

Nothing makes visitors feel more at home than sharing a meal or visiting with friends at a place that they can get used to. Low maintenance and high durability make our products the easy choice for municipalities.

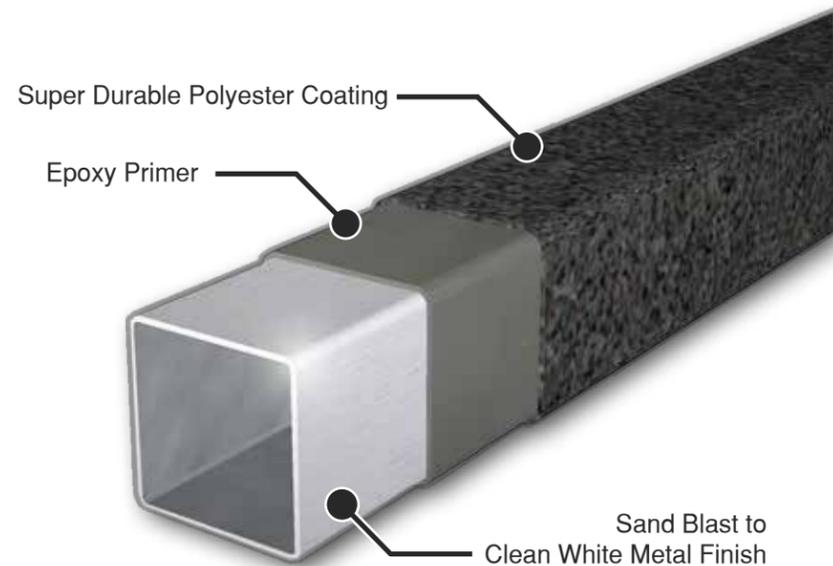

Every product we provide is built for life. Allow people to remember your place, give them furniture that will last a lifetime.

# DURABLE FINISH

LASTING BEAUTY is a standard we are always striving for. We use the best process in the industry to ensure your furniture will outlast the elements.

While most manufacturers use a chemical cleaning process we maintain a white SPC sandblasted process to ensure superior bonding and lasting

We finish every outdoor product with an epoxy primer and a super durable polyester top coat for superior resistance to corrosion, chipping, and fading.

# QUALITY GUARANTEE

WE TAKE EVERY STEP to ensure our products meet the highest standards for durability and public use.

We are passionate about what we do and we stand by our products one hundred percent.

All products are backed by a limited three year warranty on our finishes and craftsmanship.

We understand that true quality is only possible from a business that will stand by their product.

We'll handle your questions, concerns and any challenges the future may hold.

You will never have to worry about aesthetics, quality or durability when working with Quality Site Furniture.

## SHIPPING & LEAD TIMES

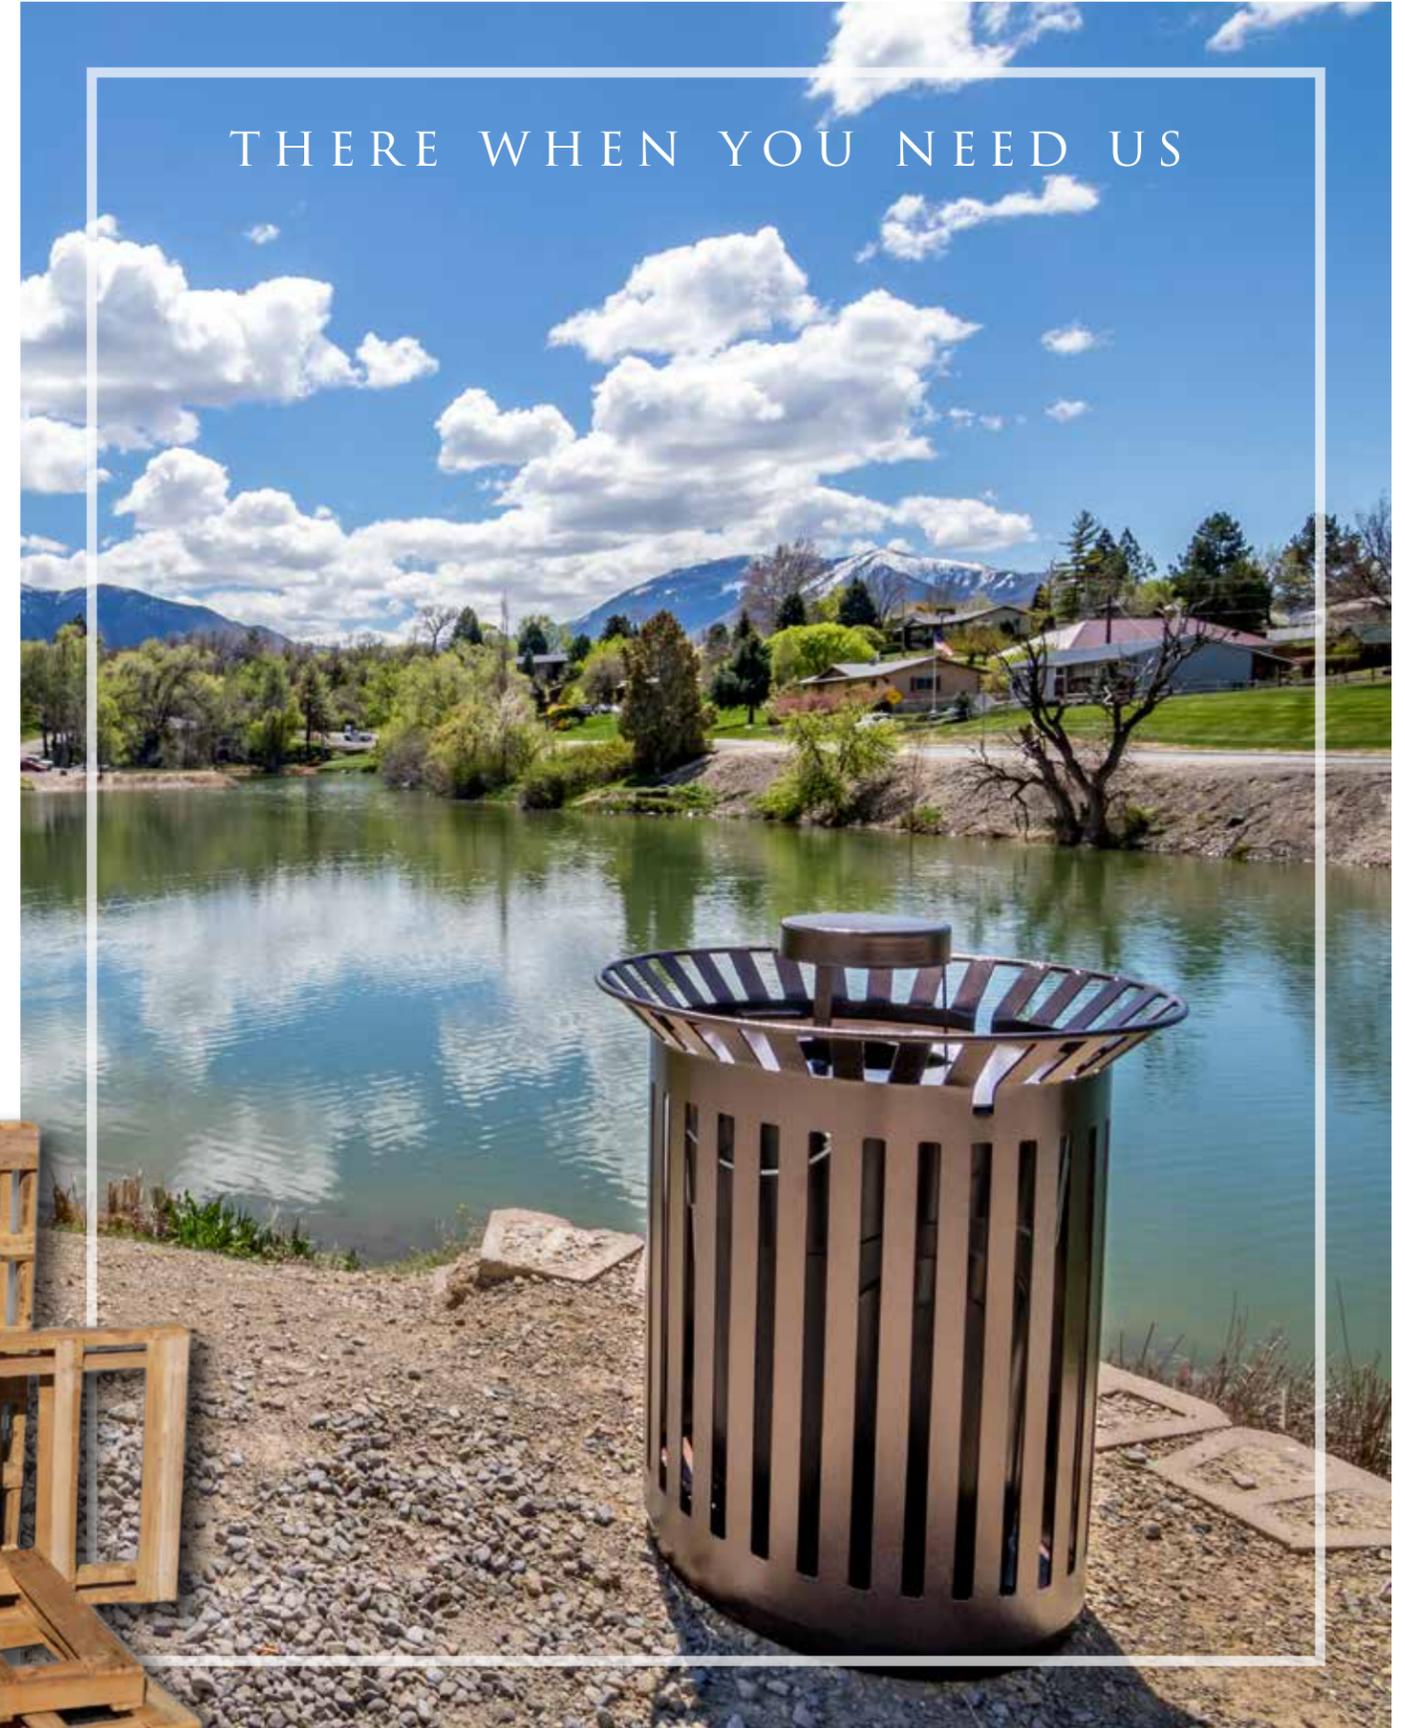

**FINISH YOUR PROJECT FASTER** | Project Schedules and budget releases can be time sensitive. We understand that getting your project to the site on time is crucial for both the owner and their visitors. That's why we strive for the the best lead times in the industry.

**CUT YOUR LEAD TIMES IN HALF** | With other companies you can expect to wait a minimum of six weeks for your project to arrive. Naturally the scope of the project and material availability will determine lead times. Whatever the case, you can expect to wait half the time of industry standards when you order from Quality Site Furniture.
